- ▲ Deep Fenders—New style fenders; Deep Drop Curved an addition 5" on the radius, which follows the tire radius. Deep Drop Straight with additional 5" added to the bottom of the radius—but continues straight down. Get that custom look at a standard price.
- ▲ Different styles and materials to choose from, allowing you to pick the "look" you want.
- ▲ Aluminum available in .090, .100DP or .125 thickness.
- ▲ 304 16ga stainless steel, #8 polish for strength and bright finish.
- ▲ Design a mounting style that will work for your truck.
- ▲ Super Duty models available for those rough applications.
- ▲ All Super Duty models are gusseted for added strength and long life.
