This cab rack is NOT A SAFETY DEVICE and will NOT PREVENT SERIOUS INJURY or DEATH from forward shifting cargo as a result of an accident or improper securement.

To prevent SERIOUS INJURY or DEATH:

- ALWAYS secure your cargo in compliance with FMCSA/DOT regulations. See 49 CFR 393 for specific requirements.
- Be aware of any applicable state motor carrier regulations.
- NEVER consider this cab rack to be part of your cargo securement system. It is not a substitute for any cargo securement device and does not change any of the cargo securement requirements.
- NEVER allow cargo to contact cab rack or use cab rack as a tie down point.
- NEVER haul a log trailer or a pole trailer with this cab rack installed. It is a misuse of the cab rack and is strictly prohibited by Merritt Aluminum Products Company.

- INSPECT cab rack weekly for cracks or damage. If damaged, replace cab rack.
 - CHECK torque of all bolts every 90 days. Bolts on Moon Brackets 150ft.-lbs. dry.
 - Use cab rack for storing chains and equipment. For more information, visit www.merrittproducts.com
 - ONLY use a Merritt Mounting Kit. If a Merritt Mounting Kit is not used to install a Merritt cab rack, then your cab rack warranty will be void.
- WARNING** NEVER reuse a mounting kit.
- ALWAYS read and follow the Merritt Mounting Kit Assembly Instructions to ensure proper installation.
- If you do not have the proper equipment or skill to install the cab rack, take your vehicle to an authorized dealer.

Models and/or Specifications Subject to Change Without Notice.
