

Transfer Tanks

Quality transfer tanks are more than just a luxury. Having an extra supply of diesel fuel with you means your equipment will not run dry. Every Merritt high performance transfer tank is pressure tested and can be relied upon to give you peace of mind.

- DIESEL Fuel ONLY
- 5-year Warranty
- Made in the USA
- 90 Gallon L-shape
- TRUE 11-gauge steel is over 35% thicker than comparable brands
- Tank mounts between wheel-wells on full size beds
- Mounting kit included- mounting brackets sit forward of the wheel well in all applications
- Available in satin black or white
- Rubber insulators included
- Fits with all standard depth Merritt crossbody boxes
- Every tank pressure tested against leaks
- Pump and Filler are interchangeable
- Lockable fill cap (padlock not included)
- Internal and External filler/pump port reinforcement plating
- Fully Baffled, prevents weight transfer
- Durable powder coat
- Our design has been verified and full destructive testing done by an independent 3rd party lab.
